RESPONSE TO RESTRICTION REQUIREMENT

In response to the restriction Requirement dated July 6, 2006, please extend the period of time for response one (1) month, to expire on September 6, 2006.

Applicants elect Group I, including claims 1-28, for examination with traverse.

The requirement is traversed because it is believed by the applicants that all claims as filed are directed to the invention. It is respectfully requested that the non-elected claims be reinstated for examination when allowable subject matter is found by the examiner.
